DEPARTMENT OF THE TREASURY
OFFICE OF THE SECRETARY
[Department Circular—Public Debt Series—No. 36-85]
Treasury Bonds of 2015

MAR 11 1986

U. S. GOVT. PUBS.
DEPOSITORY 326

Washington, November 15, 1985.

1. INVITATION FOR TENDERS

1.1. The Secretary of the Treasury, under the authority of Chapter 31 of Title 31, United States Code, invites tenders for approximately \$6,750,000,000 of United States securities, designated Treasury Bonds of 2015 (CUSIP No. 912810 DT 2), hereafter referred to as Bonds. The Bonds will be sold at auction, with bidding on the basis of yield. Payment will be required at the price equivalent of the yield of each accepted bid. The interest rate on the Bonds and the price equivalent of each accepted bid will be determined in the manner described below. Additional amounts of the Bonds may be issued at the average price to Federal Reserve Banks, as agents for foreign and international monetary authorities.

2. DESCRIPTION OF SECURITIES

2.1. The Bonds will be dated November 15, 1985, and issued November 29, 1985. Payment for the Bonds will be based on the price equivalent to the bid yield determined in accordance with this circular, plus accrued interest from November 15, 1985, to November 29, 1985. Interest on the Bonds is payable on a semiannual basis on May 15, 1986, and each subsequent 6 months on November 15 and May 15 through the date that the principal becomes payable. They will mature November 15, 2015, and will not be subject to call for redemption prior to maturity. In the event any payment date is a Saturday, Sunday, or other nonbusiness day, the amount due will be payable (without additional interest) on the next-succeeding business day.

2.2. The Bonds are subject to all taxes imposed under the Internal Revenue Code of 1954. The Bonds are exempt from all taxation now or hereafter imposed on the obligation or interest thereof by any State, any possession of the United States, or any local taxing authority except as provided in 31 U.S.C. 3124.

2.3. The Bonds will be acceptable to secure deposits of Federal public monies. They will not be acceptable in payment of Federal taxes.

2.4. Bonds in registered definitive form will be issued in denominations of \$1,000, \$5,000, \$10,000, \$100,000, and \$1,000,000. Bonds in book-entry form will be issued in multiples of those amounts. Bonds will not be issued in bearer form.

2.5. Denominational exchanges of registered definitive Bonds, exchanges of Bonds between registered definitive and book-entry forms, and transfers will be permitted.

2.6. A book-entry Bond may be held in its fully constituted form or it may be divided into its separate Principal and Interest Components and maintained as such on the book-entry records of the Federal Reserve Banks, acting as fiscal agents of the United States. The provisions specifically applicable to the separation, maintenance, and transfer of Principal and Interest Components are set forth in Section 6 of this circular. Subsections 2.1. through 2.5. of this section are descriptive of Bonds in their fully constituted form; the description of the separate Principal and Interest Components is set forth in Section 6 of this circular.

2.7. The Department of the Treasury's general regulations governing United States securities apply to the Bonds offered in this circular. These general regulations include those currently in effect, as well as those that may be issued at a later date.

3. SALE PROCEDURES

3.1. Tenders will be received at Federal Reserve Banks and Branches and at the Bureau of the Public Debt, Washington, D.C. 20239, prior to 1:00 p.m., Eastern Standard time, Friday, November 22, 1985. Noncompetitive tenders as defined below will be considered timely if postmarked no later than Thursday, November 21, 1985, and received no later than Friday, November 29, 1985.

3.2. The par amount of Bonds bid for must be stated on each tender. The minimum bid is \$1,000, and larger bids must be in multiples of that amount. Competitive tenders must also show the yield desired, expressed in terms of an

T1.4/3:

annual yield with two decimals, e.g., 7.10%. Fractions may not be used. Noncompetitive tenders must show the term "noncompetitive" on the tender form in lieu of a specified yield.

3.3. A single bidder, as defined in Treasury's single bidder guidelines, shall not submit noncompetitive tenders totaling more than \$1,000,000. A noncompetitive bidder may not have entered into an agreement, nor make an agreement to purchase or sell or otherwise dispose of any noncompetitive awards of this issue prior to the deadline for receipt of tenders.

3.4. Commercial banks, which for this purpose are defined as banks accepting demand deposits, and primary dealers, which for this purpose are defined as dealers who make primary markets in Government securities and are on the list of reporting dealers published by the Federal Reserve Bank of New York, may submit tenders for accounts of customers if the names of the customers and the amount for each customer are furnished. Others are permitted to submit tenders only for their own account.

3.5. Tenders for their own account will be received without deposit from commercial banks and other banking institutions; primary dealers, as defined above; Federally-insured savings and loan associations; States, and their political subdivisions or instrumentalities; public pension and retirement and other public funds; international organizations in which the United States holds membership; foreign central banks and foreign state; Federal Reserve Banks; and Government accounts. Tenders from all others must be accompanied by full payment for the amount of Bonds applied for, or by a guarantee from a commercial bank or a primary dealer of 5 percent of the par amount applied for.

3.6. Immediately after the deadline for receipt of tenders, tenders will be opened, followed by a public announcement of the amount and yield range of accepted bids. Subject to the reservations expressed in Section 4, noncompetitive tenders will be accepted in full, and then competitive tenders will be accepted, starting with those at the lowest yields, through successively higher yields to the extent required to attain the amount offered. Tenders at the highest accepted yield will be prorated if necessary. After the determination is made as to which tenders are accepted, an interest rate will be established, at a $\frac{1}{8}$ of one percent increment, which results in an equivalent average accepted price close to 100.000 and a lowest accepted price above the original issue discount limit of 92.750. That stated rate of interest will be paid on all of the Bonds. Based on such interest rate, the price on each competitive tender allotted will be determined and each successful competitive bidder will be required to pay the price equivalent to the yield bid. Those submitting noncompetitive tenders will pay the price equivalent to the weighted average yield of accepted competitive tenders. Price calculations will be carried to

three decimal places on the basis of price per hundred, e.g., 99.923, and the determinations of the Secretary of the Treasury shall be final. If the amount of noncompetitive tenders received would absorb all or most of the offering, competitive tenders will be accepted in an amount sufficient to provide a fair determination of the yield. Tenders received from Government accounts and Federal Reserve Banks will be accepted at the price equivalent to the weighted average yield of accepted competitive tenders.

3.7. Competitive bidders will be advised of the acceptance of their bids. Those submitting noncompetitive tenders will be notified only if the tender is not accepted in full, or when the price at the average yield is over par.

4. RESERVATIONS

4.1. The Secretary of the Treasury expressly reserves the right to accept or reject any or all tenders in whole or in part, to allot more or less than the amount of Bonds specified in Section 1, and to make different percentage allotments to various classes of applicants when the Secretary considers it in the public interest. The Secretary's action under this Section is final.

5. PAYMENT AND DELIVERY

5.1. Settlement for the Bonds allotted must be made at the Federal Reserve Bank or Branch or at the Bureau of the Public Debt, wherever the tender was submitted. Settlement must include accrued interest from November 15, 1985, to November 29, 1985. The amount of accrued interest will be determined after the auction, and investors will be notified of the amount. Settlement on Bonds allotted to institutional investors and to others whose tenders are accompanied by a guarantee as provided in Section 3.5. must be made or completed on or before Friday, November 29, 1985. Payment in full must accompany tenders submitted by all other investors. Payment must be in cash; in other funds immediately available to the Treasury; in Treasury bills, notes, or bonds maturing on or before the settlement date but which are not overdue as defined in the general regulations governing United States securities; or by check drawn to the order of the institution to which the tender was submitted, which must be received from institutional investors no later than Wednesday, November 27, 1985. In addition, Treasury Tax and Loan Note Option Depositaries may make payment for the Bonds allotted for their own accounts and for accounts of customers by credit to their Treasury Tax and Loan Note Accounts on or before Friday, November 29, 1985. When payment has been submitted with the tender and the purchase price of the Bonds allotted is over par, settlement for the premium must be completed timely, as specified above. When payment has been submitted with the tender and

the purchase price is under par, the discount will be remitted to the bidder.

5.2. In every case where full payment has not been completed on time, an amount of up to 5 percent of the par amount of Bonds allotted shall, at the discretion of the Secretary of the Treasury, be forfeited to the United States.

5.3. Registered definitive securities tendered in payment for the Bonds allotted are not required to be assigned if the new Bonds are to be registered in the same names and forms as appear in the registrations or assignments of the securities surrendered. When the new Bonds are to be registered in names and forms different from those in the inscriptions or assignments of the securities presented, the assignment should be to "The Secretary of the Treasury for (Bonds offered by this circular) in the name of (name and taxpayer identifying number)". Specific instructions for the issuance and delivery of the new Bonds, signed by the owner or authorized representative, must accompany the securities presented. Securities tendered in payment must be delivered at the expense and risk of the holder.

5.4. Registered definitive Bonds will not be issued if the appropriate identifying number as required on tax returns and other documents submitted to the Internal Revenue Service (e.g., and individual's social security number or an employer identification number) is not furnished. Delivery of the Bonds in registered definitive form will be made after the requested form of registration has been validated, the registered interest account has been established, and the Bonds have been inscribed.

6. SEPARABILITY OF PRINCIPAL INTEREST

6.1. Under the Treasury's STRIPS program (Separate Trading of Registered Interest and Principal of Securities), a book-entry Bond may be divided into its separate components and maintained as such on the book-entry records of the Federal Reserve Banks, acting as Fiscal Agents of the United States. The components of a Bond are: each future semiannual interest payment (hereafter referred to as an Interest Component); and the principal payment (hereafter referred to as the Principal Component). Each Interest Component and Principal Component shall have its own CUSIP number and designation, which are set forth in Attachment A hereto.

6.2. In order for a book-entry Bond to be separated into the components described in Section 6.1., the par amount of the Bond must be in an amount which, based on the stated interest rate of the Bond, will produce a semiannual interest payment of \$1,000 or a multiple of \$1,000. The minimum and multiple par amount required to obtain the separate components for this offering will be provided in the public announcement of the amount and yield range of accepted bids for

the Bonds. The chart in Attachment B hereto provides the minimum and multiple par amounts required to separate a security into components at various stated interest rates.

6.3. Only Bonds in book-entry form may be separated into their components. Such separation may be effected at any time from the issue date until maturity. A request to obtain the separate components must be made to the Federal Reserve Bank maintaining the account for the book-entry Bonds. Normally, any such request shall be executed by the Federal Reserve Bank within 3 business days after it is received.

6.4. The Principal Component will be payable on November 15, 2015.

6.5. Each Interest Component will be payable on its particular due date designated in Attachment A hereto.

6.6. In the event any payment date is a Saturday, Sunday, or other nonbusiness day, the amount due will be payable (without additional interest) on the next-succeeding business day.

6.7. Once a book-entry Bond has been separated into its components, each Interest Component and the Principal Component may be maintained and transferred in multiples of \$1,000, regardless of the par amount initially required for separation or the resulting amount of each Interest Component.

6.8. Interest Components and Principal Components may be held only in book-entry form.

6.9. Once there is a disposition of any amount of an Interest Component or of a Principal Component, the holder of the Bond will be considered for tax purposes to have stripped the amount of principal allocable to the amount of the components disposed of as the date such first disposition occurs. Both the retained amount allocable to the stripped principal and the amount disposed of are thereafter treated as discount obligations, and the holders of such are subject to periodic income inclusion and other provisions of the Internal Revenue Code of 1954.

6.10. Interest Components and Principal Components in multiples of \$1,000 will be acceptable to secure deposits of Federal public monies at such time and such value as will be determined by the Secretary of the Treasury. They will not be acceptable in payment of Federal taxes.

6.11. Unless otherwise provided in this offering circular, the Department of the Treasury's general regulations governing United States securities apply to the Bonds separated into their components.

7. GENERAL PROVISIONS

7.1. As fiscal agents of the United States, Federal Reserve Banks are authorized, as directed by the Secretary of the Treasury, to receive tenders, to make allotments, to issue such notices as may be necessary, to receive payment for, to issue and deliver the Bonds on full-paid

allotments, and to maintain, service, and make payment on the Bonds.

7.2. The Secretary of the Treasury may at any time supplement or amend provisions of this circular if such supplements or amendments do not adversely affect existing rights of holders of the Bonds. Public announcement of such change will be promptly provided.

7.3. The Bonds issued under this circular shall be obligations of the United States, whether

held in the fully constituted form or as separate Interest and Principal Components, and, therefore, the faith of the United States Government is pledged to pay, in legal tender, principal and interest on the Bonds.

7.4. Attachments A and B are incorporated as part of this offering circular.

GERALD MURPHY,
Acting Fiscal Assistant Secretary.

ATTACHMENT A.—CUSIP Numbers and Designations for the Principal Component and Interest Components of Treasury Bonds of November 15, 2015, CUSIP No. 912810 DT 2

The Principal Component Is Designated (Interest Rate) Treasury Principal (TPRN) 2015 Due November 15, 2015, CUSIP No. 912803 AE 3.

DEPARTMENT OF THE TREASURY**OFFICE OF THE SECRETARY****[Supplement to Department Circular—Public Debt Series—No. 36-85]
Treasury Bonds of 2015**

Washington, November 25, 1985.

The Secretary announced on November 22, 1985, that the interest rate on the bonds designated Bonds of 2015, described in Department Circular—Public Debt Series—No. 38-85 dated November 15, 1985, will be 9½ percent. Interest

on the bonds will be payable at the rate of 9½ percent per annum.

GERALD MURPHY,
Acting Fiscal Assistant Secretary.
